Federal Communications Commission

RE: 04-233

To Whom It May Concern:

I have recently been made aware of a proposal to make Low Power FM (LPFM) broadcasts a priority over FM translator service. This is a great concern to me and a proposal that I hope does not come to fruition.

I am an avid listener and contributor to K-LOVE, which is received here in Arkansas over an FM Translator. K-LOVE has become a vital part of my life as it provides encouragement and comfort in an extremely hectic world. I am the mother of 3 young boys and work full-time. I am finding it more and more difficult to raise those boys to be respectful, loving young men, when I they are only given options of traditional FM stations or ones that play rock, pop, etc. I feel it is important that those of us who live in states where we may not have a big city to play contemporary Christian music still be able to hear our favorite songs on K-LOVE.

Please do not take K-LOVE away from my family and me by allowing (LPFM) stations to receive priority over FM translators.

Thank you.
